

The Giro d'Italia on Mount Lussari

All the information on how to purchase a round trip ticket for the cable car and a parking space

For safety reasons, on May 27, the number of tickets available for visitors who want to reach the summit by cable car is reduced, and the arrival of cars into the car parks is divided into time slots.

It is very important and highly recommended that all visitors who wish to climb to the summit be **equipped with the appropriate clothing for alpine conditions**, given the extreme variability of weather that is typical for mountain areas.

Please be advised that during the day, the teams and staff members have priority boarding in the cable car at all times.
